# Critical Care

Providing comfort whatever happens

With rapid advances in medical research and treatments, the chances of surviving a serious medical condition like cancer or a heart attack are now very high. However, the costs associated with treatment have also risen significantly. MetLife's Critical Care plan provides critical financial support in times of great stress resulting from a critical illness and enables you and your family to continue to live life to the full.

## Have you considered?

- What would happen if you are no longer able to work and support your family?
- Would a critical illness compromise your lifestyle and financial stability?

- Can you afford the medical expenses and support that a critical illness requires?

A medical bill can be beyond your financial means. It is therefore wise to set aside a little of your savings to get the coverage that you and your loved ones need.

## Facts and Statistics<sup>(1)</sup>

- 1 out of 5 people will suffer from a serious illness at some stage in their life
- 1 in 8 people will contract cancer before age 65
- 80% of all heart attack victims survive
- 70% of people will survive a stroke
- Open Heart Surgery may cost over USD 50,000<sup>(2)</sup>

## Benefits of Critical Care

### Lump Sum Payment

Following the first 120 days waiting period of the policy, a lump sum amount based on the coverage chosen is payable immediately upon diagnosis of any of the 32 covered critical illnesses listed overleaf. This one time payment will help the insured pay for expensive medical treatments and protect his/her family's financial well being.

### Tele-medicine / E-Consultation

A service offered by World Care International enabling the policy holder to access:

- A second medical opinion or a case management consultation from renowned medical centers in the USA specializing in the treatment of seriously complicated conditions e.g: Johns Hopkins, Harvard Med, Cleveland Clinic and many more
- Teleradiology, Patient Management Consultation and Pathology

### Provision of Funds

The money you receive can be used for a whole host of expenses that we barely think about when we are fit.

- Lost income for the critical illness survivor
- Home health care needs
- Lost income and work time for your spouse or other caregivers
- Housekeeping or child care expenses
- Co-pays and Deductibles that are not covered by traditional insurance
